

INTERNS BPTH WINTER BATCH (2025)

RESEARCH DETAILS

Sr.No	Name of Students	Name of Guide	Research Tittle
1.	Manzar Ramzan Ali Ansari	Dr.Shardul Sutar	Evaluation of Foot Posture and Prevalence of Musculoskeletal Injuries among Classical Vs Western Dancers-A comparative study
2.	Nandini Bandikolla	Dr.Sneha Joy	Prevalence of Work Related Stress Among Government and Private School Teachers - An Obervational Study.
3.	Prathamesh Bhandari	Dr.Shardul Sutar	Correlation Of Gastrocnemius Strength And Sprint Performance In Footballers
4.	Neha Botre	Dr.Chetali Paliwal	Physical Activity Level in working and homemaker menopausal women using IPAQ Questionnaire
5.	Sayali Chavan	Dr.Ankita Shukla	Evaluating Quality Of Recovery Among Open Heart Surgery Patients.
6.	Komal Deokate	Dr.Ankita Shukla	Evaluation Of Physical Function And Mobility Score In Open Heart Surgery Patient

7.	Kanchan Vijay Ghadge	Dr.Sayali Banole	Overcoming the barrier Neck disability and cervical proprioception in bus drivers
8.	Shruti Gore	Dr.Prajkata Valke	Comparative analysis of satisfaction levels between home based and institutional based parents of cerebral palsy child.
9.	Vishal Gupta	Dr.Sneha Joy	Functional movement screening in Private and Government school teachers - An Observational study
10.	Kunal kadam	Dr.Sankruti Tahakik	A Study on assessment of Static and Dynamic Balance in Young Adult Amature Cricketers- An Observational Study
11.	Kalyani kale	Dr.Shardul Sutar	Relationship of Core stability and Upper Limb stability with Yogic Handstand poses in competitive Yoga practitioner
12.	Shraddha kamble	Dr.Ankita Shukla	Prevalence of post-operative delirium and cognitive dysfunction in open heart surgery patients.
13.	Shrushti kamble	Dr.Sneha Joy	Work Related Musculoskeletal Disorders Among Public and Private Schools Teachers
14.	Akansha londhe	Dr.Priyanka Patil	Work related msk disorder ergonomic hazards in bank workers- An observational study
15.	Pranjal Pardeshi	Dr.Pranisha P	Correlation between Scapular muscle endurance amd Upper limb function among undergraduate students with smartphone addiction.

16.	Riya Pingle	Dr.Shruti Bhalerao	Knowledge and Awareness regarding depression among slum swelling
17.	Daksha Pote	Dr.Sankruti Tahakik	A study on assessment of Aerobic and Anaerobic endurance in young adult amateur cricketers- An Observational study.
18.	Shruti Raut	Dr.Sayali Banole	Overcoming the Barrier of Low Back Endurance and Dysfunction among Bus Drivers
19.	Kanchi Rohida	Dr.Priyanka P	Observational study in bank workers to assess mental well being
20.	Vaishnavi sapa	Dr.Shruti Bhalerao	Comparison of MSK Injury Risk In Individual Following Social-Media Bodybuilding Programs Vs Those Under Professional Trainer Supervision
21.	Radhika sarode	Dr.Pranisha P	Correlation between craniovertebral angle , cervical flexor endurance and neck disability index among undergraduate students with Smartphone addiction
22.	Prajwal Satav	Dr.Sankruti Tahakik	A study on evaluation of flexibility among young adult amateur cricketers
23.	Riya Shah	Dr.Prajkata Valke	Assessing Diaphragmatic Mobility in Spastic Cerebral Palsy Using Manual Evaluation of Diaphragm Scale (MED) according to Gross Motor Functional Classification System (GMFCS) Level

24.	Aditi Sharma	Dr.Sankruti Tahakik	A study on evaluation of speed and agility among young adult amateur cricketers
25.	Rutika sheguri	Dr.Shruti Bhalerao	Effects Of Smartphone Use On Severity Of Forward Head Posture, Dynamic Balance And Shooting Accuracy In Basketball Players
26.	Bhavika shinde	Dr.Prajkata Valke	Prediction of stress causing musculoskeletal problem among parents of 10th and 12th grade students.
27.	Gargi Shinde	Dr.Chetali Paliwal	Awareness and Knowledge of Kitchen and Body Ergonomics amongst Homemakers
28.	Rohini Shiradhonkar	Dr.Sneha Joy	Prevalence of physical activity on work related musculoskeletal disorders among government and private school teachers - An observational study
29.	Anushka Solanke	Dr.Pranisha P	Analysis of functional mobility among undergraduate students with Smartphone addiction
30.	Gayatri vibhute	Dr.Chetali Paliwal	Psychological and Physiological factor of Musculoskeletal dysfunction in Homemakers
31.	Mrunal yadav	Dr.Priyanka Patil	Observational Study In Bank Workers To Asses Flexibility
