VISION

To be a dynamic knowledge hub that supports excellence in physiotherapy education, research, and clinical practice by providing accessible, high-quality information resources and innovative library services.

MISSION

- To provide comprehensive and up-to-date academic resources in physiotherapy and allied health sciences.
- To support teaching, learning, and research needs of students, faculty, and clinicians.
- To promote information literacy and research skills among users.
- To integrate digital technologies for efficient access to global knowledge.
- To maintain a user-friendly, inclusive, and resource-rich learning environment.
